Chapter 1 by Null

All my life I have been wondering, "What will happen to me when I die?" The thought has haunted me for years. But really, what will happen? Meanwhile, I don't have to worry about that. My friend Safira holds me up every day, making the most of life ever since I mentioned it to her. Anyway, I have to go to my mom's stupid tennis tournament now, and all I have to do is wonder. The question is, what is there to think about?
